Subject: Mesa Del Caballo/Brooke utilities--Docket nos: W-03514A-10-0116 and W-03514A-10-0117

I attended a meeting at you're hearing room on May 18th and spoke during the public comment portion of the hearing. The heart of what I said was, we have the community and the water company working together to solve the water shortage in our community of Mesa Del Caballo near Payson AZ. The parties are cooperating while working towards a timely solution, I also asked the hearing official and your staff to please keep your review short and simple because the parties are working together.

I know you have a job to do and I appreciate your hard work protecting the public. In this matter I know the community and Brook utilities are working together and your prompt action could improve our communities day to day lives now. I would appreciate your prompt action on the docket you are reviewing which would also get this off of your plate and would make a lot of citizens happy with your action.

Respectfully

Bill Huddleston
Mesa Del Caballo homeowner since 1987
